

Covid-19 Updated

Hi Everyone,

As we operate in the wake of the COVID-19 outbreak, it's important to reassure our valued customers and home owners that extra cleaning measures are being taken at The Sister's Maid Cleaning Company, towards residential properties and commercial.

With that in mind, we have developed (with the help of some of your own protocols) a Cleaning Protocol, a set of required procedures rooted in best practices as set forth by the Centers for Disease Control (CDC) and local health authorities.

Those extra steps, along with more basic expectations and procedures related to cleaning The Sister's Maid Residential and Commercial properties are provided in the below document. We request that you and all your team members read, understand and adhere to these guidelines for the sake of everyone's safety and success.
